Title: Need to develop infrastructure to stop wastage of food items.

SHRI RATAN LAL KATARIA (AMBALA): I would like to bring to the kind notice of Hon'ble Agriculture Minister that with hard work Indian farmers produce huge food-grains for fulfilling the needs of Indian population. But wastage of perishable commodities such as fruits, vegetables, fish, meat and milk which give a wastage to the tune of 15-25% and non-perishable commodities contributing wastage between 5-15%, are together putting considerable pressure on natural resources. Therefore, I humbly request the Government to set up infrastructure to stop food wastage.
